***Examiner's Comments***

The application is informal because the declaration has been objected to for failing to comprise a correct claim for priority. In the prior action Applicant was advised that three of the provisional documents to which claim was being made were credited to different inventors. The specification was changed to reflect the drop in claim for priority but a new declaration is still required. Examiner notes that Applicant intends to submit the new declaration. However, until it is received, the application remains informal.

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth in the prior action. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel K Schlak whose telephone number is 703-305-0885. The examiner can normally be reached on Mon-Thurs.
